Spring Update 2022

**God is so good to us! Thank you for being such a blessing to us!
Thanks to those who pray and give so faithfully!**

Elisabeth's picture of Mt. McLoughlin

Well, 2022 is over half over and it seems like only a blur, but a great deal has happened! We have had 5 families or individual missionaries come to stay with us—six if we count Rebekah—who is back for the summer! One missionary was from Ukraine. This is a painful time for Ukrainians and missionaries to Ukraine as they watch much of the country being destroyed.

Kitchen in rental house

We are thankful for a family that moved into the rental house on the property. This should be very helpful but has also involved a great deal of extra work. The house has been sitting empty for 4 years or more after the previous renters left due to the tension over the easement. The house was in very bad condition and thankfully many

people contributed to help fix it up.

I worked on the pump house which initially was working. Then suddenly the pump went out and I ended up rebuilding the whole system. We had a company put in a new pump, and then I rebuilt the system with a new tank, check valve, etc. Finally, I put in a reverse osmosis water filter and fixed the old ultraviolet water purifier.

Old piping in pump house

We are excited about the Christian family that has moved into the rental with 5 young children. Pray that the rest of the improvements needed will be made and that the house will work out for them.

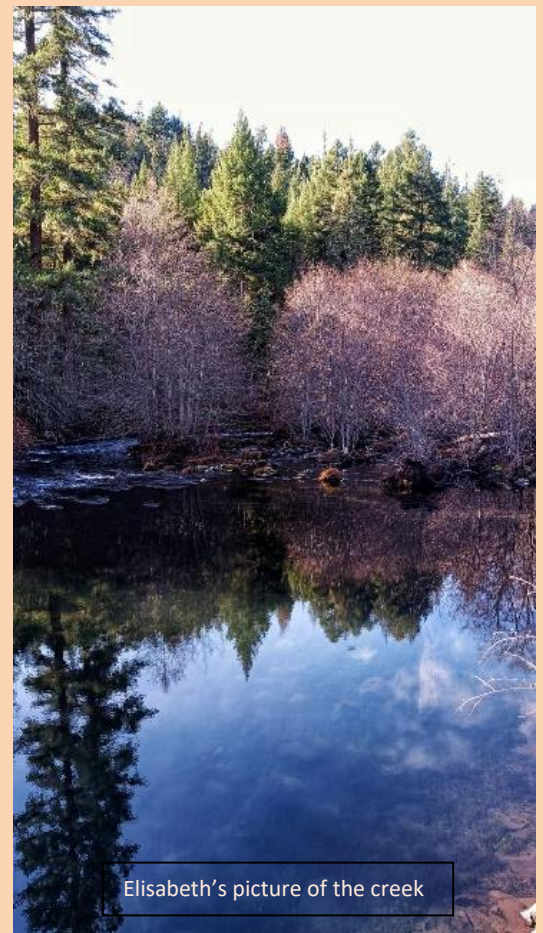

Thank the Lord for two helpers that He provided to help with the pump and water project. One helper was a missionary who was staying with us.

He is a talented maintenance person and he also helped remove the engine from the tractor which gets us one step closer to installing the “new” engine.

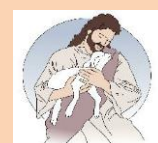

Thanks for your prayers and support!

Retreat Center Reports

- ***We thank the Lord for His strength, provision, and protection. We thank the Lord for those of you who are faithfully praying and supporting this ministry!***
- Pray for the missionaries that God will send our way and that we would trust God to help us to minister to them.
- Pray for the complete resolution of the easement conflict on our driveway. Through mediation, they have resolved the debate but now all the discussed agreements need to be completed.
- Pray for the many issues that we are working on to maintain the property and equipment. This can be very overwhelming. Pray that we will trust God and do what He wants us to do! Pray that if it is His will, He will raise up some helpers.
- *Pray for me (Brent) as I work with missionaries around the world through online counseling and those they come here. Pray for wisdom, insight, and love as I have a rare privilege to speak into the lives of missionaries and strive to encourage and guide them!*

- ***Please pray for Ruth! She is sleeping a little better but continues to suffer a great deal of discomfort as she sits most of the day with cramping muscles. Prayer for wisdom to know what we can do to help, healing, and peace to trust Him during these difficult times!***
- ***Pray for Timothy and Ashley, as they are expecting a baby in January!***
- ***Pray for Hannah as she continues to work on her master's in counseling. She is coming close to the end of course work and needs to find an internship. She continues to teach almost full time in the extended care program for Grace Christian School.***
- ***Pray for Rebekah as she plans to return to La Paz, Bolivia for another year of teaching 2nd grade. Pray that her flight will be smooth. When she returns, she will continue to have an extremely grueling schedule of teaching, head-teacher of the elementary department, and a master's program in education.***
- ***Pray for Elisabeth as she helps with the retreat center and is also trying to start a business with beautifully handcrafted jewelry. (If you are interested in seeing some of her work let me know.)***

Love in Christ,

Brent, Ruth, Hannah, Rebekah, and Elisabeth
